If you are young, you naturally appear so.

If you are old, why appear so?

Ayer's Hair Vigor will surely restore color to your gray hair, and will give to it all the wealth and gloss of early life. It will stop falling of the hair also; and will keep the scalp clean and healthy, entirely free from dandruff.

And it makes the hair grow thick and long. This is because it is a hair-food, giving to the hair just what it needs to make it grow as nature intended.

## Ayer's Hair Vigor

There's a pleasure in offering to you such a preparation; while you will certainly feel a sense of security in using something that others have used for half a century.

Do not be deceived by cheap imitations which will only disappoint you. Make sure that you get the genuine Ayer's Hair Vigor.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U.S.A.

## CORPORATION NOTICES.

### NOTICE.

At the regular annual meeting of the stockholders of the Olowalu Company, held at the office of Wm. G. Irwin & Co., Ltd., on the 25th day of February, A. D. 1904, the following officers were elected to serve for the ensuing year, viz:

W. G. Irwin, President.

Geo. R. Carter, Director.  
Clarence H. Cooke, Director.

E. F. BISHOP,  
Secretary.  
Dated Honolulu, February 3, 1904.

# THE BIG MERGER BEGINS

(Continued from page five.)

considered merger with Paia Plantation and the Kihai lands above the 450 ft. elevation. Hereafter, unless otherwise ruled at your meeting or by your Directors, the Reports will be of the Maui Agricultural Co., of which the Haiku Sugar Co. is a partner.

This Co-partnership consists of Paia Plantation, holding an interest of eighteen thirty-fifths; Haiku Sugar Co., of twelve thirty-fifths; Kaliahuni Plantation Co., of one thirty-fifth; Pulehu Plantation Co., of one thirty-fifth; Kula Plantation Co., of one thirty-fifth; Makawao Plantation Co., of one thirty-fifth, and Kailua Plantation Co., of one thirty-fifth. These Corporations contribute to the use of the Partnership all of their property, and this combined property will be conducted as one estate, thereby permitting of the most profitable use of water and land.

The best of this land is Kailua, lying south of the old Grove Ranch Plantation and belonging to Paia and Haiku jointly, and most of the land owned by the Five New Corporations south of this. These are all rich virgin lands and will be cultivated as far as possible. This will allow the somewhat worn out lands of Paia and Haiku to recuperate, except their low lands which can be irrigated by the pumps. The lands not used for cane will be used for grazing, sisal, pineapple and forest purposes. The proper use of this land and water should result in yearly crops of not less than 24,000 tons, which should be produced as cheaply as on any of the Island plantations.

The past year has been unusually favorable, both as to a well distributed rainfall and as to temperature, except during the spring. The total rainfall was 57 inches. We have pumped but two days during the year.

The 1903 Crop gave us 6,400 tons of sugar, which is the largest crop ever harvested from this plantation. There was much less borer infested cane than usual owing, I think, to the drought of 1901 which destroyed the pest to a considerable extent.

The 1904 Crop was damaged by leaf-hopper last winter and although it was planted earlier than usual, it will probably be only about 6,000 tons. This crop and Paia's 1904 Crops were sold to the Maui Agricultural Co. for what had been expended on them. The total 1904 Crop for the Partnership will be over 13,000 tons as estimated. The proceeds from this, after paying the operating expenses of the Maui Agricultural Co., will go towards paying Haiku and Paia as above.

The amounts expended on this crop by Paia and Haiku will also be paid for by the Partnership. The plant and ratoons on both places are looking well and are practically free from leaf-hopper. A species of spider destroyed this pest to a large extent on the 1904 Crop, and practically all of what have appeared on the young cane this year have fallen victims to the same spider or to the continuous rains. 500 acres of the 1905 Crop will come from the Kailua land.

For the 1906 Crop we plan to plant 900 acres of the new virgin land and about the same amount of the lower Paia and Haiku lands, and will cultivate in all about 1,600 acres of ratoons. The Kailua water will be used on some of the Grove Ranch pasture land that has not been planted for twenty years.

The work on the new Ditch, which will bring out the Koolau water, is progressing well. Mr. O'Shaughnessy expects to complete the ditch he is constructing to bring the water to Waiakamoa, where the Hawaiian Commercial & Sugar Co.'s share will be taken out, by August. The ditch to carry the Maui Agricultural Co.'s share from that point to Hoolawa, where it intersects the Hamakua Ditch, will be completed before August. This will assure us of a full ditch after that time. George Baldwin, who is constructing this connecting ditch, has begun on a new ditch that will bring the combined Koolau and Hamakua Ditch water on to the plantations 175 feet higher in elevation than the delivery of our present ditch. This will carry the combined water from Hoolawa, where the ditches intersect, to and across the plantations. The gain in elevation is due to the fact that the Hamakua Ditch, the pioneer ditch of any magnitude on the Islands, was constructed with a much greater fall than is necessary, especially for so large a volume of water as will flow through the new ditch. The new ditch will make available for cane some 3,000 acres of pasture land. The expense of this ditch work will be met by the sale of bonds, authorized by your Directors and the Paia Plantation Directors, on the two properties.

On the Haiku Ranch Lands Mr. Will Beckwith has put in 35 acres of sisal and has 125,000 plants in the nursery which will soon be ready to put out. This will increase the acreage to 175. The plants seem to be remarkably thrifty and should yield well. Specimens of fibre sent to San Francisco were pronounced good. We also have about 3 acres of pineapples at Haiku that promise well. The lands at Haiku that will be put into these crops are worthless for grazing purposes on account of a species of wild verberna that has smothered out everything else.

# PAIA'S ANNUAL MEETING

The stockholders of Paia Plantation held their annual meeting at the office of the agents, Alexander & Baldwin, at 11 o'clock this morning. The operating expenses for the year were \$225,917.43; the net earnings after writing off \$13,040.05 were \$168,879.70; \$136,879.70 was carried to surplus account, which now amounts to \$404,511.32.

The following officers were re-elected for the year: President, H. P. Baldwin; vice-president, S. M. Damon; treasurer, George M. Rolph; secretary, C. H. Atherton; director, T. W. Hobron; auditor, D. R. Murdoch; manager, D. C. Lindsay.

Manager Lindsay in his report, after outlining the changes that will arise from the merger into the Maui Agricultural Company, reports as follows:

The water controlled by the Company will average close to 38,000,000 gallons per day besides a pumping capacity of over 20,000,000 gallons per day, a total of 58,000,000 gallons. With such a quantity of water we can cultivate over 4,500 acres of cane each year. Great benefit will undoubtedly result from all this water being under one control, as it can be applied where most needed.

Your Directors have authorized the issue of bonds to the extent of \$450,000.00 to be issued as required, and this sum will be applied to the payment of the new Ditch Extension and the development of the property in other directions.

Crop of 1903. With the exception of a rather cold spell in the spring, the past year has been a very favorable one for cane growing. The rainfall at the Plantation office measured 53.76 inches and the temperature ranged from 60° to 88°. The rainfall was evenly distributed throughout the year. My estimate for the crop was 6,500 tons but we had excellent juice and good results from the mill and the crop reached a total of 7,554 tons, the largest in the records of the plantation. The cane yielded 6.15 tons sugar per acre. On account of our limited boiling and cooling capacity we were obliged to ship a proportion of B sugar, as will be seen by the Mill Report. The sugar netted us \$59.75 per ton.

Crop of 1904. This crop we are now milling and the results so far have been promising. The cane in two of our plant cane fields was somewhat retarded by the leaf-hopper, but notwith-

(Continued on page 7).

# COMBINATION BILLIARD AND POOL TABLE

For family use. Greatest thing for keeping the men folks from "going down to the Club" at night.

We have 2 sizes 36x7 feet and 4x5 feet, with 2 & 2 1/8 in. balls. A complete outfit of balls, cues etc., (40 implements in all) is furnished with each table. Twenty six games, including various forms of Pool and Billiards, also Buletto, Golf, Tennis etc., are played on these tables and a book of rules and instructions is furnished with every table.

Sold at \$90.00 and \$75.00 on easy terms. An Ideal Home Table at a very Reasonable Price.

**E. O. HALL & SON, LTD.**

## WHY

# Flickinger Fruits ARE BEST?

Because, the fruit is grown in the richest section of the Santa Clara Valley, (Cal.), and is the finest in the world.

Because, the ripe fruit is packed in the orchard where grown and therefore not injured by transportation or picked green, thus retains its luxurious flavor.

Because, the fruit is preserved in pure cane sugar syrup.

Because, only the choicest fruit is put up under the Flickinger brand, all inferior fruit being labeled under another name.

Because, the Flickinger reputation is the very best and the goods have been the highest standard for years.

Because, the demand exceeds the supply, thus assuring perfectly fresh goods.

## IN THE CIRCUIT COURT OF THE

First Circuit, Territory of Hawaii.—At Chambers.—In Probate.

In the Matter of the Estate of Jennie Blatchford Tschudi (or Tschuddi).

Order for Notice of Hearing Petition for Probate of Will.

A Document purporting to be the Last Will and Testament of Jennie Blatchford Tschudi (or Tschuddi) deceased, having on the 8th day of February, A. D. 1904, been presented to said Probate Court, and a Petition for the Probate thereof, and for the issuance of Letters Testamentary to M. W. Tschudi having been filed by M. W. Tschudi.

It is hereby Ordered, That Monday, the 14th day of March, A. D. 1904, at 10 o'clock a. m. of said day, at the Court Room of said Court, at Honolulu, Territory of Hawaii, be and the same hereby is appointed the time and place for proving said Will and hearing said application.

It is Further Ordered, That notice thereof be given, by publication, once a week for three successive weeks, in The Hawaiian Star, a newspaper published in Honolulu, the last publication to be not less than ten days previous to the time therein appointed for hearing. Dated at Honolulu, Territory of Hawaii, February 8th, 1904.

W. J. ROBINSON,  
Third Judge Circuit Court, First Circuit.

41—Feb. 8, 1904.

## MORTGAGEE'S NOTICE OF INTENTION OF FORECLOSURE AND OF SALE.

Notice is hereby given that pursuant to the power of sale contained in that certain mortgage dated January 13, 1903, made by Elizabeth K. Baker, wife of Robert H. Baker, of Honolulu, to

and of Oahu, Territory of Hawaii, mortgagee (and the said Robert H. Baker joining therein and consenting to said mortgage) to A. Lewis, Jr., mortgagee, which said mortgage is recorded in the Office of the Registrar of Conveyances, in said Honolulu, in Liber 243, pages 153 to 156, the said mortgagee intends to foreclose said mortgage for condition broken, to wit: the non-payment of principal and interest when due.

Notice is likewise given that the property conveyed by the said mortgage will be sold at public auction at the auction rooms of James F. Morgan, Kaahumanu Street, Honolulu, on Saturday, the 19th day of March, 1904, at 12 o'clock noon of said day. The property conveyed by said mortgage consists of: all that piece or parcel of land with all buildings thereon, situate on the south slope of Punchbowl Hill in said Honolulu, being all of the land described in Government Lot number 468, Royal Patent Grant 3468 to George P. Castle, containing an area of 975 square feet, and being the same premises conveyed to said mortgagee by deed of G. K. Norton, dated October 1, 1890, which said deed is recorded in the Office of said Hawaiian Registry of Conveyances, in Liber 127, page 91, et seq., and conveyed to said G. K. Norton by deed of said Patentee dated June 18, 1890, which said latter deed is recorded in said Hawaiian Registry of Conveyances in Liber 127 on page 86, et seq., together with any and all buildings and improvements situate thereon, and all the rights, privileges and appurtenances belonging to said piece or parcel of land.

A. LEWIS JR.,  
Mortgagee.

Terms: Cash. United States Gold Coin, deeds at the expense of purchaser.

For further particulars apply to Smith & Lewis, attorneys for mortgagee.

Dated Honolulu, February 23, 1904.

Feb. 23, 1904, March 7, 14.
